Friday 14th November

Highlights

Great Fire of London Otters stepped back in history this week, as they took part in an action-packed drama workshop all about the Great Fire of London.

Mill Cottage Farm Experience Butterflies had a great experience with the animals that Mill Cottage Farm brought to Potters Gate School. What a great start to their biology unit in Science, learning about animals including humans.

Remembrance Service Children from local schools paid their respects at the Remembrance Service at the Farnham

Reverse Advent Calendar for Farnham Foodbank

Please see attached information for the Reverse Advent calendar which will be starting on Monday 10th November!

A Note From Mrs Lloyd

I hope you all had a lovely half term. We have kicked off this half term with lots of learning outside of the classroom. Otters took part in a Great Fire of London Workshop as part of their history topic, and butterflies have had the wonderful opportunity of a hands-on farm experience!

Rehearsals are underway for the community singing events, with the first one being on Saturday 15th November. Please sign your child up and come along to the light switch on. We are on stage just before 2pm.

This half term is action packed so please keep an eye out for important information so that you do not miss out on all the fun to be had! Wishing you all a wonderful weekend

5 Common Symptoms of Diabetes

Unexplained weight loss

Many times, type 1 diabetes is diagnosed when a person experiences significant weight loss for no apparent reason.

Fatigue

Generalized weakness. Lack of energy may result from the body's inability to efficiently convert blood sugar into usable energy.

Polyuria

Frequent need to urinate.

Polydipsia

Constant feeling of thirst.

Increased appetite

The body may feel the need to consume more food in an attempt to obtain energy.
